3. Maulana Mohd. Mian Faruqi, M.P.,
4. Maulana Hafizur Rehman, M.P.
5. Syed Mazar Imam, M.P.
6. Mrs. Zarina Cuverimbhoy,
7. Shri M. Valiulla, M.P.,
8. Shri Joachim Alva, M.P.,
9. Col. Pir Mohd. Khan, M.P.,
10. Shri M. Ismail Shariff,
11. Syed Ahmad Mehdi, M.P.,
12. Shri Akbar Ali Khan, M.P.,
13. Shri M. Yusuf Ferozie,
14. Foreign Secretary, Ministry of External Affairs.
15. Joint Secretary, Ministry of External Affairs.

*Secretary & Convener*

Deputy Secretary in-charge Haj Affairs in the Ministry of External Affairs.

Ordered that a copy of this Resolution be communicated to all Ministries of the Government of India, the Prime Minister's Secretariat, all State Governments and Administrations, all Haj Committees and the Shipping Companies concerned, for information and also that the Resolution be published in the *Gazette of India*.

P. N. KAUL, Dy. Secy.

## MINISTRY OF COMMERCE &amp; INDUSTRY

## RESOLUTION

*New Delhi, the 9th August 1958*

No. Con. Ind.(A)6(7)/56-CHEM.(II).—In accordance with Resolution No. Light Ind.(A) 36(1)/55, dated the 8th November, 1955, the Government of India appointed the Sago Expert Committee under the Chairmanship of Dr. A. Nagaraja Rao, Chief Industrial Adviser to the Government of India, to study and examine the nutritive value of sago produced in India as compared to the product produced in other countries, its utility for children and invalids, and the steps to be taken to maintain a good quality and make the product consistently safe to the consumer.

2. The Committee submitted its report in June, 1956, and its main recommendations are:—

- (i) The conditions under which tapioca sago is manufactured in India require considerable improvement. The suggestions made in consultation with the Director, Central Food Technological Research Institute, Mysore, for the improvement of the existing processes should be implemented by the manufacturers of sago.
- (ii) The Government of India may exercise control on the processing of sago in the Salem factories under the Prevention of Food Adulteration Act, 1955, so that the consumers are assured of a product of satisfactory quality.
- (iii) In case the small units are not able to produce sago under hygienic conditions, they should be asked to confine their activities to the production of tapioca starch for non-edible purposes only.
- (iv) The addition of extraneous colouring matter to tapioca sago and the sale of such coloured sago should be banned.
- (v) A model sago factory may, if possible, be set up at Salem in order to give an incentive to the existing units to improve their plant, equipment and hygienic condition.
- (vi) The Salem Sago Manufacturers' Association, Salem, may arrange to collect a voluntary contribution from its members based on production for financing (1) the establishment of a laboratory at Salem for quality control and to assist the manufacturers in the maintenance of standards and (2) the appointment of a technical officer to assist the industry in collaboration with the Central Food Technological Research Institute, Mysore, and other laboratories. The Government of Madras should also help the association in executing the above scheme and extend some financial assistance.
- (vii) The possibility of using dry tapioca chips for the preparation of starch to be used in the manufacture of sago may be investigated by the Central Food Technological Research Institute, Mysore.
- (viii) It is necessary to carry out systematic investigations on the utilisation of by-products from the sago factories, specially the fibre left on the sieves after the separation of tapioca starch.

3. Recommendations Nos. (ii) and (v) are in accord with those made by the Tariff Commission in its Report on the continuance of protection to the Sago Industry and already accepted by the Government of India *vide* Resolution No. 12(1)-TP/57, dated the 30th July, 1957. After careful consideration of the other recommendations mentioned in para 2 above in the light of existing conditions and after consulting the State Governments concerned, the Government of India have accepted them and will take steps to implement them as far as possible.

4. Besides these recommendations the expert committee has made several useful suggestions and observations for improving the quality and method of production and organisation of the Industry on co-operative lines. These are brought to the notice of the Industry.

## ORDER

Ordered that a copy of the Resolution be communicated to all concerned and that it may be published in the *Gazette of India*.

B. B. SAKSENA, Jt. Secy.

## NOTICES

New Delhi, the 21st August 1958

No. CCI/SPE/189/58/860.—Whereas there is reason to believe that licence No. A930896/57/AU/CCI/HQ dated the 1st March 1958 valued at Rs. 58,500 for import of Raw materials—Galangal Roots, Long Pepper, Cubebes, Butyl Tartrate, Di-Butyl Phthalate, Gum Copal, and Gum Arabic from the Soft Currency Area except South Africa, granted by the Chief Controller of Imports & Exports, New Delhi, to M/s.
